**WHEREAS,** Fairview Preservation Urban Renewal Partnership, LLP (hereinafter "Fairview") was the prior owner of the property commonly referred to as 70-96 17th Avenue (a/k/a 368-408 Hunterdon Street), Newark, New Jersey 07103, designated as Block 2547, Lot 1, on the Official Tax Map of the City of Newark, New Jersey (the "Property") from January 20, 2000 through January 8, 2014; and

**WHEREAS,** Fairview Homes Acquisition, LLC is the current owner of the Property; and

**WHEREAS,** the Property is presently used as a multi-unit residential property; and

**WHEREAS**, the City has two (2) water meters that service the Property; and

**WHEREAS**, in or before 2002, the City began billing Fairview for water usage on one (1) water meter, designated as Account No. 6875 by the City Department of Water and Sewer Utilities (the “6875 Meter”); and

**WHEREAS**, the City contends that the second water meter was to be used as a stand-by meter; and

**WHEREAS**, the City designated the second meter as Account No. 6868 (the “6868 Meter”); and

**WHEREAS**, according to City records, on January 12, 2004, the City performed an actual read of the 6868 Meter, which displayed a meter read of 99,999,500 (the “January 12, 2004 Read”); and

**WHEREAS**, at some point in time subsequent thereto, the 6868 Meter was utilized as a serviceable meter, thereby allowing the Property to receive water from the City from both meters; and

**WHEREAS**, on or about November 8, 2013, in connection with the sale of the Property, Fairview requested the City perform a final read of water consumption for the Property; and

**WHEREAS**, when performing the final read, the City claimed that, unbeknownst to the City, the 6868 Meter provided the Property with water for an unknown period of time; and

**WHEREAS**, since the City was not reading or billing the 6868 Meter, the City contends that it had not been providing Fairview with an accurate reading of water consumption for the Property in over ten (10) years for the disputed time period of 2002-2013 (“Disputed Time Period”); and

**WHEREAS**, on or about January 14, 2014, the City Department of Water and Sewer Utilities invoiced Fairview for estimated water consumption on the 6868 Meter dating back in excess of ten (10) years (the “January 14, 2014 Invoice”); and

**WHEREAS**, as a result of this calculation, the City asserted that the principal amount due and owing on the 6868 Meter was \$515,540.84; and

**WHEREAS**, since the time the January 14, 2014 Invoice was presented to Fairview, the 6868 Meter account has accumulated interest and late fees in the amount of \$193,327.82, resulting in a purported total outstanding balance of \$708,868.66 as of February 23, 2016; and

**WHEREAS**, a dispute arose between the City and Fairview relative to the water meters and invoices, as the reason is unknown to either party why only (1) of the meters was read and billed by the City during the Disputed Time Period; and

**WHEREAS**, Fairview denies owing such monies and asserts that the Department of Water and Sewer Utilities and the City would be time barred from collecting a substantial amount of these

monies even if the Department was able to demonstrate that such water was consumed; and

**WHEREAS**, since in or about March 2014, counsel for Fairview, and counsel for the City Department of Water and Sewer Utilities, have been involved in settlement negotiations in an attempt to resolve this matter; and

**WHEREAS**, Fairview and the City desire to amicably resolve this matter; and

**WHEREAS**, the City has agreed to waive all interest and late fees, totaling \$193,327.82, due on the purported outstanding principal sum of \$515,540.84; and

**WHEREAS**, the City further agrees to credit the account on the 6868 Meter in the amount of \$100,540.84, resulting in a total balance of \$415,000.00 due and owing (the "Settlement Payment"), provided that Fairview pays the Settlement Payment in one lump sum within seventy-two (72) hours of approval of this Settlement Agreement by the Newark Municipal Council; and

**WHEREAS**, in exchange for the Settlement Payment, the City shall waive and release Fairview from any and all liability for the payment of credited principal balance, interest and late charges; and

**WHEREAS**, the Parties desire to enter into the Settlement Agreement in order to avoid further expense and uncertainties of litigation, and wish to resolve and settle all disputes and claims between them; and

**WHEREAS**, the within Agreement neither admits nor should it be construed as an admission of liability or violation of any law, statute or regulation or a breach of any duty by the City or the Department of Water and Sewer Utilities, its agents, officers and/or employees whatsoever or by Fairview, or any of its agents, officers, and/or employees whatsoever and is entered into based upon the recommendations of counsel and to eliminate all inherent risks and potential costs associated with litigation of this matter; and

**WHEREAS**, the Fairview, agreed to satisfy the Payment Obligation in a lump sum payment to the City of Four Hundred and Fifteen Thousand Dollars and Zero Cents (\$415,000.00), in exchange for the execution of a Settlement Agreement and General Release wherein the City will waive and release Fairview from all other outstanding water obligations, as well as, all liability for the payment of interest and late charges and a full and complete settlement of all of Fairview's claims, including any claims for attorney's fees; and

**WHEREAS**, this Agreement shall apply to any and all successors or assignees of Fairview including Fairview Homes Acquisition, LLC.
