**AN ORDINANCE AMENDING TITLE 41 OF THE MUNICIPAL CODE OF THE CITY OF NEWARK, NEW JERSEY, TO ESTABLISH A NEW CHAPTER ENTITLED "INCLUSIONARY ZONING FOR AFFORDABLE HOUSING."
Deferred 6PSF-c 092017**

WHEREAS, Newark’s Master Plan recognizes that “the region’s housing growth is already shifting to urban centers like Newark,” that “for the first time in more than a century, Newark is now a growing city,” and that “[p]roviding housing of choice to more of the region’s middle and upper-income households will support Newark’s growing economy, strengthen the city’s fiscal health, and help Newarker’s of all types, ages, and income levels find quality homes;” and

WHEREAS, Newark wishes to ensure that as the City grows and attracts new market-rate residential development, the City also provides a realistic opportunity for the City to meet or exceed its fair share of the region’s affordable housing need; and

WHEREAS, variance relief which is authorized by the Municipal Land Use Law (“MLUL”) and Newark’s ordinances provides incentives or compensatory benefits to developers of new market-rate housing seeking such variance relief to also make provisions for affordable housing; and

WHEREAS, the MLUL, at N.J.S.A. 40:55D-70, provides that “[n]o variance or other relief may be granted under the terms of this Section...without a showing that such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the Zone Plan and Zoning Ordinance”; and

WHEREAS, the intent and purpose of Newark’s Master Plan includes to “create mixed-income housing through new construction...”; and

WHEREAS, the intent and purpose of Newark’s Zoning Ordinance includes “advancing the purposes of the Municipal Land Use Law set forth at N.J.S.A. 40:55D-2,” “ensuring that all land development in the City meets the applicable requirements of Federal, State and local laws,” and “advanc[ing] the general concepts and recommendations of the Master Plan;” and

WHEREAS, the purposes of the MLUL, at N.J.S.A. 40:55D-2, include “to promote the establishment of appropriate population densities and concentrations that will contribute to the well-being of persons, neighborhoods, communities and regions...”, and “to provide sufficient space in appropriate locations for a variety of...residential...uses...in order to meet the needs of all New Jersey citizens;” and

WHEREAS, in Southern Burlington County N.A.A.C.P. v. Mount Laurel Tp., 67 N.J. 151 (1975), the Supreme Court of New Jersey ruled that every municipality must bear its fair share of the regional burden of affordable housing; and

WHEREAS, in Southern Burlington County v. N.A.A.C.P. v. Mount Laurel Tp., 92 N.J. 158, 208 (1983), the Supreme Court of New Jersey held that where the municipal affordable housing obligation cannot be satisfied by removal of restrictive barriers, inclusionary devices such as density bonuses and mandatory set-asides keyed to the construction of lower income housing are constitutional and within the zoning power of a municipality; and

WHEREAS, the Fair Housing Act of 1985, N.J.S.A. 52:27D-301 et seq. (“FHA”), established the Council on Affordable Housing (“COAH”) and vested it with primary responsibility for assigning and determining municipal affordable housing obligations; and

WHEREAS, Newark petitioned COAH for substantive certification of Newark’s Affordable Housing Plan on February 17, 2010 and COAH deemed Newark’s petition complete on June 23, 2010; and

WHEREAS, COAH did not take final action on Newark’s petition for substantive certification; and

WHEREAS, in In re Adoption of N.J.A.C. 5:96 and N.J.A.C. 5:97, 416 N.J.Super. 462 (App. Div. 2010), the Appellate Division of the Superior Court of New Jersey invalidated COAH’s revised Third Round rules; and

WHEREAS, In re Adoption of N.J.A.C. 5:96, 215 N.J. 578 (2013), the Supreme Court of New Jersey invalidated COAH’s revised Third Round Rules and endorsed the Appellate Division’s remedy directing COAH to promulgate new rules within five months; and

WHEREAS, COAH has not adopted new rules; and

WHEREAS, in In re Adoption of N.J.A.C. 5:96 and 5:97 ex rel. New Jersey Council on Affordable Housing, 221 N.J. 1 (2015), as relief for COAH's failure to adopt new rules, the Supreme Court of New Jersey dissolved the FHA's exhaustion-of-administrative-remedies requirement until further order, allowing resort to the courts, in the first instance, to resolve municipalities' constitutional obligations to provide for affordable housing; and

WHEREAS, in Fair Share Housing Ctr., Inc. v. Zoning Bd. of City of Hoboken, 441 N.J. Super. 483 (App. Div. 2015), the Appellate Division of the Superior Court of New Jersey ruled that (i) neither the FHA, nor regulations promulgated by COAH pursuant to the FHA, required a municipality to submit all ordinances impacting the municipality's affordable housing obligation to COAH for approval, despite the existence of substantive certification provided by COAH to municipalities seeking its protection from builder's remedy suits, (ii) that the certification procedure was entirely voluntary, and (iii) that the FHA provided an alternative route; and

WHEREAS, the City wishes to provide a realistic opportunity for new construction of mixed-income housing, irrespective of the voluntary substantive certification process administered by COAH and any COAH credit which may be available as part of that process; and

WHEREAS, the Administration and the Department of Economic and Housing Development have determined that it would further the interests of sustaining and promoting balanced growth and development in the City of Newark if Title 41 was amended to include a new Chapter entitled "Inclusionary Zoning for Affordable Housing"; and

WHEREAS, the Municipal Council, by Resolution 7R2-b December 7, 2016, referred a Draft Ordinance Amending Title 41 Zoning and Land Use Regulations and Creating a new Chapter - Inclusionary Zoning for Affordable Housing, for formal review, report, and recommendation by the Central Planning Board as required by N.J.S.A. 40:55d-26; and

WHEREAS, on December 19, 2016, the Central Planning Board approved a Resolution finding that the Draft Ordinance Amending Title 41 Zoning and Land Use Regulations is consistent with the MLUL and offered recommendations for revisions as shown in **Exhibit A**, attached hereto.

The Director of Planning, Zoning, and Sustainability is authorized to approve voluntary cash payment-in-lieu only upon written findings, supported by the record, that such a contribution will further the housing policies of the City of Newark more than the construction of income-restricted units at the time of the development application. In making such findings, the Director of Planning, Zoning, and Sustainability shall consider and determine the following factors:
 - (i) The number of income-restricted units that can be provided with the payment-in-lieu, as compared with the number of new income-restricted units otherwise required to be constructed in the subject development.
 - (ii) The availability and stage of readiness of any plans for the actual provision of income-restricted units within the City of Newark on which the payment-in-lieu can be expended.
 - (iii) The reasons which make construction of the required income-restricted units impractical.

- e. The opportunity to make a voluntary payment in lieu of constructing income-restricted units is not intended to be and should not be construed as a right available to developers at their sole option. The policy of this chapter favors construction of income-restricted units.

- f. The Director of Planning, Zoning, and Sustainability Office approval of any payment-in-lieu shall be conditioned upon the developer and the City entering into a developer's agreement that details the manner in which the payment-in-lieu commitment will be fulfilled.

- g. A Developer will not receive a Certification of Occupancy (CO), until the City has received the agreed upon payment in lieu of construction.

- h. Ten percent (10%) of the voluntary payment in lieu of construction acquired shall

be applied or expended within the Ward where the development is located. No moratorium or suspension of this allocation requirement may be authorized, except upon Resolution adopted by Municipal Council.

- i. The Municipal Council, at its discretion and by Ordinance, has the authority to make changes to the amount of the payment-in-lieu on a specific development project.

Section 6. Compliance Checklist: A checklist for compliance with this Chapter, in the form attached to and incorporated into this Ordinance as Exhibit A (“Checklist”), is hereby adopted. - h. In those instances in which control periods expire pursuant to this Section, the administrative agent shall, within 60 days of the expiration of the control period, execute a release, substantially in form set forth in Appendix F to N.J.A.C. 5:80-26, as same may be amended or supplemented, incorporated herein by reference, of all restriction instruments with respect to the unit. The owner of the income-restricted unit is responsible for recording the release instruments and returning the recorded originals promptly to the administrative agent. Upon the expiration of the control period for an income-restricted ownership unit established in this section, the owner of the unit shall be entitled to sell it to any purchaser at the fair market price.

Section 11. Price Restrictions for Ownership Units. The intent of this Section is to ensure that any development which is subject to this Chapter complies with the price restrictions for ownership units set forth at N.J.A.C. 5:80-26.6, as same may be amended or supplemented.

- a. The initial purchase price for an income-restricted ownership unit shall be

approved by the administrative agent and, if the unit is receiving assistance under the Balanced Housing Program, shall be consistent with the Balanced Housing grant agreement.

- b. The initial purchase price for all income-restricted ownership units except those financed under NJHMFA shall be calculated so that the monthly carrying costs of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the Federal Reserve H.15 rate of interest), taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 28 percent of the eligible monthly income of an appropriate household size as determined under N.J.A.C. 5:80-26.4, as many be amended or supplemented; provided, however, that the price shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.3, as may be amended or supplemented.
- c. The initial purchase price of an income-restricted ownership unit financed under NJHMFA unit shall be calculated so that the monthly carrying costs of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the Federal Reserve HR15 rate of interest), taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 28 percent of the eligible monthly income of a household whose income does not exceed 45 percent of median income, in the case of a low-income unit, or 72 percent of median income, in the case of a moderate-income unit, and that is of an appropriate household size as determined under N.J.A.C. 5:80-26.4, as may be amended or supplemented.
- d. The maximum resale price for an income-restricted ownership unit, if the resale occurs prior to the one-year anniversary of the date on which title to the unit was first transferred to a certified household, is the initial purchase price. If the resale occurs on or after such anniversary date, the maximum resale price shall be consistent with the regional income limits most recently published by COAH and calculated pursuant to N.J.A.C. 5:94-7.2(b), as same may be amended or supplemented. The administrative agent shall approve all resale prices, in writing and in advance of the resale, to assure compliance with the foregoing standards.
- e. The master deeds of developments subject to this chapter shall provide no distinction between the condominium or homeowner association fees and special assessments paid by low-and moderate-income purchasers and those paid by market purchasers.

Section 12. Buyer Income Eligibility for Ownership Units: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the price restrictions for ownership units set forth at N.J.A.C. 5:80-26.7, as same may be amended or supplemented.

- a. Low-income ownership units shall be reserved for households with a gross household income less than or equal to 50 percent of median income. Moderate income ownership units shall be reserved for households with a gross household

income less than 80 percent of median income. For example, a household earning 48 percent of median income may be placed in any low-income unit; however, a household earning 53 percent does not qualify for a low-income unit. A household earning 67 percent of median may be placed in any moderate income housing unit. A household earning less than 50 percent of median may be placed in a moderate income housing unit. Notwithstanding the foregoing, however, the administrative agent may permit moderate-income purchasers to buy low-income units in housing markets where, as determined by COAH or the Division, as applicable, low-income prices are required but there is an insufficient number of low-income purchasers to permit prompt occupancy of the units. A certified household that purchases an income-restricted ownership unit must occupy it as the principal residence and not lease the unit; provided, however, the administrative agent may permit the owner of an income-restricted ownership unit, upon a showing of hardship, to lease the unit to a certified household for a period not to exceed one year.

- b. The administrative agent shall certify a household as eligible for an income-restricted ownership unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the estimated monthly housing cost for the unit (including principal, interest, taxes, homeowner and private mortgage insurance and condominium or homeowner association fees as applicable) does not exceed 33 percent of the household's eligible monthly income. The administrative agent, however, may exercise the discretion to certify a low-or moderate-income household as eligible despite the fact that the unit's monthly housing cost would exceed the 33 percent level, if the household obtains a firm mortgage loan commitment at the higher level from a licensed financial institution, under terms consistent with the requirements of the New Jersey Home Ownership Security Act of 2002, N.J.S.A. 46:10B-22 et seq., including certification from a non-profit counselor approved by HUD or the New Jersey Department of Banking and Insurance that the borrower has received counseling on the advisability of the loan transaction.

Section 13. Limitations on Indebtedness Incurred by Income-Restricted Ownership Unit; Subordination: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the indebtedness limitations and subordination standards set forth at N.J.A.C. 5:80-26.8, as same may be amended or supplemented.

- a. Prior to incurring any indebtedness to be secured by an income-restricted ownership unit, the owner shall submit to the Deputy Mayor/Director of the Department of Economic and Housing Development and the administrative agent a notice of intent to incur such indebtedness, in such form and with such documentary support as determined by the administrative agent, and the owner shall not incur any such indebtedness unless and until the administrative agent has determined in writing that the proposed indebtedness complies with the provisions of this section.
- b. With the exception of original purchase money mortgages, during a control period, neither an owner nor a lender shall at any time cause or permit the total indebtedness secured by an income-restricted ownership unit to exceed 95 percent of the maximum allowable resale price of that unit, as such price is determined by the Deputy Mayor/ Director of the Department of Economic and

Housing Development in accordance with N.J.A.C. 5:80-26.6(c), as same may be amended or supplemented.

Section 14. Capital Improvements to Ownership Units: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the standards for capital improvements to ownership units set forth at N.J.A.C. 5:80-26.9, as same may be amended or supplemented.

- a. The owners of income-restricted ownership units may apply to the administrative agent to increase the maximum sales price for the unit on the basis of capital improvements made since the purchase of the unit. Eligible capital improvements shall be those that render the unit suitable for a larger household or that add an additional bathroom. In no event shall the maximum sales price of an improved housing unit exceed the limits for affordability for the larger household.
- b. Upon the resale of an income-restricted ownership unit, all items of property that are permanently affixed to the unit or were included when the unit was initially restricted (for example, refrigerator, range, washer, dryer, dishwasher, wall-to-wall carpeting) shall be included in the maximum allowable resale price. Other items may be sold to the purchaser at a reasonable price that has been approved by the administrative agent at the time of signing the agreement to purchase. The purchase of central air conditioning installed subsequent to the initial sale of the unit and not included in the base price may be made a condition of the unit resale provided the price, subject to 10-year, straight-line depreciation, has been approved by the administrative agent. Unless otherwise approved by the administrative agent, the purchase of any property other than central air conditioning shall not be made a condition of the unit resale. The owner and the purchaser must personally certify at the time of closing that no unapproved transfer of funds for the purpose of selling and receiving property has taken place at resale.

Section 15. Maintenance of Income-Restricted Ownership Units: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the standards for maintenance of restricted ownership units set forth at N.J.A.C. 5:80-26.10, as same may be amended or supplemented.

- a. An income-restricted ownership unit shall be required to obtain a Continuing Certificate of Occupancy or a certified statement from the City of Newark Building Inspector stating that the unit meets all code standards upon the first transfer of title that follows the expiration of the applicable minimum control period provided under N.J.A.C. 5:80-26.5(a), as may be amended or supplemented.

Section 16. Control Periods for Income-Restricted Rental Units: The intent of this Section is to ensure that any development which is subject to this Chapter satisfies the control periods for rental units set forth at N.J.A.C. 5:80-26.11, as same may be amended or supplemented.

- a. Each income-restricted rental unit created pursuant to this Chapter shall remain subject to the requirements of this Chapter for a period of 30 years; provided, however, that:

1. Any unit that, prior to December 20, 2004, received substantive certification from COAH, was part of a judgment of compliance from a court of competent jurisdiction or became subject to a grant agreement or other contract with either the State or a political subdivision thereof, shall have its control period governed by said grant of substantive certification, judgment or grant agreement or contract.
- b. The affordability control period for the income-restricted rental units in a development subject to this chapter shall commence on the first date that a certified household occupies a unit and shall terminate only at such time that the City of Newark opts to release the unit from the requirements of this chapter in accordance with subsection e. below, except that the affordability controls set forth in this chapter shall remain in effect until the date on which a rental unit shall become vacant, provided that the occupant household continues to earn a gross annual income of less than 80 percent of the applicable median income. If, at that time, a rental household's income is found to exceed 80 percent of the regional median income, the rental rate restriction shall expire at the later of either the next scheduled lease renewal or 60 days.
- c. Deeds of all real property that include income-restricted rental units shall contain deed restriction language substantially in the form set forth in Appendix E to N.J.A.C. 5:80-26, as may be amended or supplemented, incorporated herein by reference. The deed restriction shall have priority over all mortgages on the property. The deed restriction shall be filed by the developer or seller with the records office of Essex County, and a copy of the filed document shall be provided to the administrative agent within 30 days of the receipt of a certificate of occupancy. The preparer of the foregoing instrument shall certify to the administrative agent that the deed restriction language in Appendix E has been included therein.
- d. An income-restricted rental unit shall remain subject to the affordability controls of this Chapter despite the occurrence of any of the following events:
 1. A sublease or assignment of the lease of the unit;
 2. A sale or other voluntary transfer of the ownership of the unit; or
 3. The entry and enforcement of any judgment of foreclosure.
- d. All income-restricted rental units in any development created pursuant to this Chapter shall be released from the requirements of this Chapter upon the expiration of the minimum control period specified under subsection a. above, provided that:
 1. The administrative agent shall, within 60 days of the expiration of the minimum control period specified under Subsection a. above, execute a release, in the form set forth in Appendix F to N.J.A.C 5:80-26, as may be amended or

supplemented, incorporated herein by reference, of all restriction instruments with respect to the unit(s). The owner of the income-restricted unit(s) is responsible for recording the release instruments and returning the recorded originals promptly to the administrative agent. Upon the expiration of the control period for a restricted rental unit established in this Section, the owner of the unit shall be entitled to lease it to any tenant at the fair market rent.

Section 17. Restrictions on Rents: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the rent restrictions set forth at N.J.A.C. 5:80-26.12, as same may be amended or supplemented.

- a. The initial rent for an income-restricted rental unit shall be approved by the administrative agent and, if the unit is receiving assistance under the Balanced Housing Program, shall be consistent with the Balanced Housing grant agreement. The initial rent shall be calculated so as not to exceed 30 percent of the eligible monthly income of the appropriate household size as determined under N.J.A.C. 5:80-26.4, as may be amended or supplemented; provided, however, that the rent shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.3, as may be amended or supplemented.
- b. At the anniversary date of the tenancy of the certified household occupying an income-restricted rental unit, the rent may be increased, if such increase is consistent with the regional income limits most recently published by COAH, calculated pursuant to N.J.A.C. 5:94-7.2(b), as may be amended or supplemented, and has been filed with the administrative agent. If the landlord has charged a tenant less than the initial maximum allowable rent for a restricted unit, the landlord may, with the approval of the administrative agent, use the maximum allowable rent instead of the current rent in performing this multiplication to establish the rent for the next tenant under a new lease.
- c. Approved initial rents may not be increased when an announcement of a COAH-adopted increase occurs during initial lease-up activity. Rents may not be increased more than once a year. Rents may not be increased by more than one COAH-approved increment at one time. Rents may not be increased at the time of a new occupancy if the new occupancy occurs within a year of the last occupancy and prior to the next published COAH-adopted increase. No additional fees or charges may be added to the approved rent (except, in the case of units in an assisted living residence, for the customary charges for food and services) without the express written approval of the administrative agent. Application fees (including the charge for any credit check) may not exceed five percent of the monthly rental of the applicable restricted unit and shall be payable to the administrative agent to be applied to the costs of administering the controls in this Section as applicable to the unit.
- d. A written lease is required for all income-restricted rental units, except for units in an assisted living residence. Final lease agreements are the responsibility of the landlord and the prospective tenant. Tenants are responsible for security deposits and the full amount of the rent as stated on the lease. All lease provisions shall comply with applicable law. The landlord shall provide the administrative agent with

sufficient information for a preparation of a unit inventory form for entry into the centralized affordable housing unit inventory system. The landlord shall submit a copy of each lease entered into with a certified household to the administrative agent within 10 business days after the execution of each lease.

e. Those tenant-paid utilities that are included in the utility allowance shall be so stated in the lease. The allowance for utilities shall be consistent with the utility allowance approved by DCA for its Section 8 program.

Section 18. Tenant Income Eligibility: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the standards for tenant income eligibility set forth at N.J.A.C. 5:80-26.13, as same may be amended or supplemented.

a. Low-income rental units shall be reserved for households with a gross household income less than or equal to 50 percent of median income. Moderate income rental units shall be reserved for households with a gross household income less than 80 percent of median income.

b. The administrative agent shall certify a household as eligible for an income-restricted rental unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the rent proposed for the unit does not exceed 35 percent (40 percent for age-restricted units) of the household's eligible monthly income as determined pursuant to N.J.A.C. 5:80-26.16, as may be amended or supplemented; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:

1. The household currently pays more than 35 percent (40 percent for households eligible for age-restricted units) of its gross household income for rent and the proposed rent will reduce its housing costs;

2. The household has consistently paid more than 35 percent (40 percent for households eligible for age-restricted units) of eligible monthly income for rent in the past and has proven its ability to pay;

3. The household is currently in substandard or overcrowded living conditions;

4. The household documents the existence of assets, with which the household proposes to supplement the rent payments; or

5. The household documents proposed third-party assistance from an outside source such as a family member in a form acceptable to the administrative agent and the owner of the unit.

c. The applicant shall file documentation sufficient to establish the existence of the circumstances in Subsection b. above with the administrative agent, who shall counsel the household on budgeting.

Section 19. Administrative Agent: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the administrative agent provisions set forth at N.J.A.C. 5:80-26.14, as same may be amended or supplemented.

a. The affordability controls set forth in this Chapter shall be administered and enforced by the administrative agent. The primary responsibility of the administrative agent shall be to ensure that the income-restricted units under administration are sold or rented, as applicable, only to low and moderate-income households. Among the responsibilities of the administrative agent are the following:

1. Conducting an outreach process to insure affirmative marketing of affordable housing units in accordance with the provisions of N.J.A.C. 5:80-26.15, as may be amended or supplemented;
2. Soliciting, scheduling, conducting and following up on interviews with interested households;
3. Conducting interviews and obtaining sufficient documentation of gross income and assets upon which to base a determination of income eligibility for a low-or moderate-income unit;
4. Providing written notification to each applicant as to the determination of eligibility or non-eligibility;
5. Creating and maintaining a referral list of eligible applicant households living within the City;
6. Creating and maintaining a referral list of eligible applicant households living in the COAH region and eligible applicant households with members working in the COAH region where the units are located;
7. Subject to subsection 3.e. of this ordinance, employing a random selection process when referring households for certification to affordable units;
8. Furnishing to attorneys or closing agents forms of deed restrictions and mortgages for recording at the time of conveyance of title of each restricted unit;
9. Creating and maintaining a file on each income-restricted unit for its control period, including the recorded deed with restrictions, recorded mortgage and note, as appropriate;
10. Instituting and maintaining an effective means of communicating information between owners and the administrative agent regarding the availability of income-restricted units for resale or rental;
11. Instituting and maintaining an effective means of communicating information to low and moderate-income households regarding the availability of restricted units for resale or re-rental;
12. Reviewing and approving requests from owners of restricted units who wish to take out home equity loans or refinance during the term of their ownership;

13. Reviewing and approving requests to increase sales prices from owners of restricted units who wish to make capital improvements to the units that would affect the selling price, such authorizations to be limited to those improvements resulting in additional bedrooms or bathrooms and the cost of central air conditioning systems;
 14. Processing requests and making determinations on requests by owners of restricted units for hardship waivers;
 15. Communicating with lenders regarding foreclosures;
 16. Ensuring the issuance of Continuing Certificates of Occupancy or certifications pursuant to N.J.A.C. 5:80-26.10, as may be amended or supplemented;
 17. Notifying the City of an owner's intent to sell a restricted unit;
 18. Ensuring that the removal of the deed restrictions and cancellation of the mortgage note are effectuated and properly filed with the appropriate county's Register of Deeds or County Clerk's Office after the termination of the affordability controls in this Section for each restricted unit;
 19. Providing annual reports to COAH as required; and
 20. Such other responsibilities as may be necessary to carry out the provisions of this Chapter.
- c. The administrative agent shall create and shall publish in plain English, and in such other languages as may be appropriate to serving its client base, a written operating manual, as approved by COAH, to the extent applicable, setting forth procedures for administering such affordability controls, including procedures for long-term control of restricted units; for enforcing the covenants set forth in Appendices A, B, C, D and E of N.J.A.C. 5:80-26, as may be amended or supplemented, consistent with the provisions of N.J.A.C. 5:80-26.18, as may be amended or supplemented; and for releasing income-restricted units promptly at the conclusion of applicable control periods. The administrative agent shall have authority to take all actions necessary and appropriate to carrying out its responsibilities hereunder. The operating manual shall have a separate and distinct Chapter or Section setting forth the process for identifying applicant households seeking certification to restricted units, for reviewing applicant household eligibility, and for certifying applicant households in accordance with the household certification and referral requirements set forth in N.J.A.C. 5:80-26.16, as may be amended or supplemented.
1. Such process shall require that an applicant household be notified in writing of the results of its application for certification within 20 days of the administrative agent's determination thereof.
 2. At the discretion of the administrative agent, such process may include either

or both an outreach requirement and a face-to-face applicant interview process.

3. The administrative agent shall establish and maintain a ready database of applicant households as a referral source for certifications to restricted units, and shall establish written procedures to ensure that selection among applicant households be via the database, and in accordance with a uniformly applied random selection process and all applicable State and Federal laws relating to the confidentiality of applicant records.

- d. Except in the case of income-restricted units created pursuant to this Chapter receiving UHORP or MONI funding, the City of Newark, Division of Housing Assistance shall serve as the administrative agent for income-restricted units which are created pursuant to this Chapter.
- e. The administrative agent shall have the authority to discharge and release any or all instruments filed of record to establish affordability controls.

Section 20. Affirmative Marketing: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the affirmative marketing standards set forth at N.J.A.C. 5:80-26.15, as same may be amended or supplemented.

- a. The affirmative marketing plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age or number of children to housing units which are being marketed by a developer or sponsor of income-restricted housing. The affirmative marketing plan is also intended to target those potentially eligible persons who are least likely to apply for income-restricted units in the housing region. It is a continuing program that directs all marketing activities toward the housing region and covers the period of deed restriction.
- b. The administrative agent shall assure the affirmative marketing of income-restricted units which are created pursuant to this chapter, and shall be responsible for implementing the affirmative marketing plan. The administrative agent shall attend an affirmative marketing training program approved by COAH, if such program is available.
- c. The City shall ensure that all original applicant and sales records of income-restricted units are returned to the City for reporting purposes and to aid with future resales.
- d. In implementing the affirmative marketing plan, the administrative agent shall designate an experienced staff person approved by COAH, to the extent applicable, to provide counseling services to low and moderate income applicants on subjects such as budgeting, credit issues, mortgage qualification, rental lease requirements, and landlord/tenant law. Alternatively, the administrative agent may contract with an experienced agency approved by COAH, to the extent applicable, to provide such counseling services.

- e.** The affirmative marketing plan shall provide the following information:
1. The name and address of the project;
 2. The number of units, including the number of sales and/or rental units;
 3. The price of sales and/or rental units;
 4. The name of the sales agent and/or rental manager;
 5. A description of the random selection method that will be used to select occupants of affordable housing; and
 6. Disclosure of required application fees.
- f.** The affirmative marketing plan shall describe the media to be used in advertising and publicizing the availability of housing. In developing the plan, the administrative agent shall consider the use of language translations. The plan shall include the following:
1. The names of specific newspapers of general circulation within the housing region;
 2. The names of specific radio and television stations broadcasting throughout the housing region;
 3. The names of other publications circulated within the housing region, such as neighborhood oriented weekly newspapers, religious publications and organizational newsletters;
 4. The names of employers throughout the housing region that will be contacted to post advertisements and distribute flyers regarding available affordable housing;
 5. The names of specific community and regional organizations that will aid in soliciting low and moderate income applicants. Such organizations may include non-profit, religious, governmental, fraternal, civic, and other organizations; and
 6. Other advertising and outreach efforts to groups that are least likely to be reached by commercial media efforts.
- g.** The affirmative marketing process for available income-restricted units shall begin at least four months prior to expected occupancy. In implementing the marketing program, the administrative agent shall undertake all of the following strategies:
1. Publication of one advertisement in a newspaper listed under f.1 above;
 2. Broadcast of one advertisement by a radio or television station listed under f.2

above; and

3. At least one additional regional marketing strategy using one of the sources listed under f.3 through 6 above.

h. Such advertising and outreach shall take place during the first week of the marketing program and each month thereafter until all the units have been leased or sold. The advertisement shall include at least the following:

1. The location of the units;
2. Directions to the housing units;
3. A range of prices for the housing units;
4. The size, as measured in bedrooms, of the housing units;
5. The maximum income permitted to qualify for the housing units;
6. The location of applications for the housing units;
7. The business hours when interested households may obtain an application for a housing unit; and
8. Application fees, if any.

i. Applications for income-restricted housing shall be made available in several locations, including, the Essex County administrative building; Newark City Hall and the City of Newark municipal library; and the developer's sales office. Applications shall be mailed to prospective applicants upon request.

j. The costs of advertising income-restricted units created pursuant to this Chapter shall be the developer's responsibility, and said responsibility shall be a condition of Zoning Board of Adjustment approval.

Section 21. Household Certification and Referral; Related Project Information: The intent of this Section is to ensure that any development which is subject to this Chapter complies with the provisions for household certification and referral and related project information set forth at N.J.A.C. 5:80-26.16, as same may be amended or supplemented.

a. The administrative agent shall secure all information from applicant households necessary and appropriate to determine that income-restricted units are occupied by properly sized households with appropriate low or moderate-income levels. No household may be referred to a restricted unit, or may receive a commitment with respect to a restricted unit, unless that household has received a signed and dated certification, as set forth in this Section, and has executed a certificate in the form set forth in Appendices J or K to N.J.A.C. 5:80-26, as may be amended or supplemented and as applicable.

b. The administrative agent shall prepare a standard form of certification and shall sign and date one for each household when certified. An initial certification shall be valid for no more than 180 days unless a valid contract for sale or lease has been executed within that time period. In this event, certifications shall be valid until such time as the contract for sale or lease is ruled invalid and no occupancy has occurred. Certifications may be renewed in writing at the request of a certified household for an additional period of 180 days at the discretion of the administrative agent.

1. When reviewing an applicant household's income to determine eligibility, the administrative agent shall compare the applicant household's total gross annual income to the regional low-and moderate-income limits then in effect. For the purposes of this chapter, income includes, but is not limited to, wages, salaries, tips, commissions, alimony, regularly scheduled overtime, pensions, social security, unemployment compensation, TANF, verified regular child support, disability, net income from business or real estate, and income from assets such as savings, certificates of deposit, money market accounts, mutual funds, stocks, bonds and imputed income from non-income producing assets, such as equity in real estate.

2. Except as otherwise specifically provided in this chapter, the sources of income considered by the administrative agent shall be the types of regular income reported to the Internal Revenue Service and which can be used for mortgage loan approval. Household annual gross income shall be calculated by projecting current gross income over a 12-month period.

3. Assets not earning a verifiable income shall have an annual imputed interest income using a current average annual savings interest rate. Assets not earning income include present real estate equity. Applicants owning real estate must produce documentation of a market value appraisal and outstanding mortgage debt. The difference shall be treated as the monetary value of the asset and the imputed interest added to income. If the applicant household owns a primary residence with no mortgage on the property valued at or above the regional asset limit as published annually by COAH, a certificate of eligibility shall be denied by the administrative agent, unless the applicant's existing monthly housing costs (including principal, interest, taxes, homeowner and private mortgage insurance, and condominium and homeowner association fees as applicable) exceed 38 percent of the household's eligible monthly income.

4. Rent from real estate is considered income, after deduction of any mortgage payments, real estate taxes, property owner's insurance and reasonable property management expenses as reported to the Internal Revenue Service. Other expenses are not deductible. If actual rent is less than fair market rent, the administrative agent shall impute a fair market rent.

5. Income does not include benefits, payments, rebates or credits received under any of the following: Federal or State low-income energy assistance programs, food stamps, payments received for foster care, relocation assistance benefits, income of live-in attendants, scholarships, student loans, personal property such

as automobiles, lump-sum additions to assets such as inheritances, lottery winnings, gifts, insurance settlements, and part-time income of persons enrolled as full-time students. Income, however, does include interest and other earnings from the investment of any of the foregoing benefits, payments, rebates, or credits.

c. The administrative agent shall require each member of an applicant household who is 18 years of age or older to provide documentation to verify the member's income, including income received by adults on behalf of minor children for their benefit. Household members 18 years of age or older who do not receive income must produce documentation of current status.

d. Income verification documentation may include, but is not limited to, the following for each and every member of a household who is 18 years of age or older:

1. Four consecutive pay stubs, not more than 120 days old, including bonuses, overtime or tips, or a letter from the employer stating the present annual income figure;

2. Copies of Federal and State income tax returns for each of the preceding three tax years;

3. A letter or appropriate reporting form verifying monthly benefits such as Social Security, unemployment, welfare, disability or pension income (monthly or annually);

4. A letter or appropriate reporting form verifying any other sources of income claimed by the applicant, such as alimony or child support;

5. Income reports from banks or other financial institutions holding or managing trust funds, money market accounts, certificates of deposit, stocks or bonds; and

6. Evidence or reports of income from directly held assets such as real estate or businesses.

e. Court ordered payments for alimony or child support to another household, whether or not it is being paid regularly, shall be excluded from income for purposes of determining income eligibility.

f. At the discretion of the administrative agent, households may also be required to produce documentation of household composition for determining the correct unit size and applicable median income guide.

g. A certificate of eligibility may be withheld by the administrative agent as a result of an applicant's inability to demonstrate sufficient present assets for down payment or security deposit purposes, subject to development phasing that may provide opportunity for future savings.

h. A certificate of eligibility may be withheld by the administrative agent as a result of an applicant's inability to verify funds claimed as assets, household composition or other facts represented.

- i. A certificate of eligibility shall be denied by the administrative agent as a result of any willful and material misstatement of fact made by the applicant in seeking eligibility.
- j. The administrative agent shall screen households that apply for low-and moderate-income housing for preliminary income eligibility, by comparing their total gross annual income to the regional low-and moderate-income limits adopted for that year by COAH.
- k. The following information shall promptly be provided to the administrative agent by the developer or sponsor of any project containing any affordable units subject to the requirements of this chapter, upon the latter of either final municipal land use approval or issuance of a grant contract by a governmental authority:
1. The total number of units in the project, and number of income-restricted units, broken down by bedroom size, identifying which are low-and which are moderate-income units, and including street addresses of restricted units;
