**WHEREAS**, in an effort to reduce the fiscal impacts of rising energy prices and demonstrate a commitment to renewable energy generation the City of Newark (the "City"), 920 Broad Street, Newark, New Jersey 07102 sought to purchase electric generation services for its Public Buildings and Street Lighting ("Electricity Services") from a third-party energy supplier; and

**WHEREAS**, the Essex-Hudson Regional Cooperative Pricing System (EHRCPs) is a regional cooperative pricing system duly approved by the Department of Community Affairs (Regional Cooperative Pricing System ID# 198ECAEPC), which has been formed between the Essex County Aggregate Energy Procurement Cooperative Pricing System or "ECAEPC" (Cooperative Pricing System ID# 198ECAEPC) and the Hudson County Cooperative Pricing System or "HCCPS" (Cooperative Pricing System ID# 83-HCPS). Participation in the EHRCPs enables participating members to obtain electric generation services from a third-party energy supplier in the retail electricity market at a more competitive rate than is offered through the Public Service Electric and Gas Company (PSE&G) Basic Generation Service and Body Politic Lighting Service; and

**WHEREAS**, the City, along with other participating Member Local Governmental Units ("LGUs") adopted Resolution 7R4-a(S) on April 21, 2015, authorizing LGU's to purchase power supply through the EHRCPs; and

**WHEREAS**, in 2015, the County of Hudson served as the Lead Agency of the EHRCPs and was authorized to issue Request for Bids for electric generation services on behalf of participating members and award energy supply contracts, based upon the recommendation of the Lead Agency's Consultant's application of the evaluation criteria to the bid; and

**WHEREAS**, in response to a Request for Bids on or about May 5, 2015, Constellation, was awarded a twenty-four (24) month contract to supply electric generation service to member accounts in Bid Group 1, which included the City; and

**WHEREAS**, the City obtained Electricity Services from Constellation for the period of approximately June 2015 through May 2017 to ensure the City met its electricity service obligations to provide energy to public buildings and street lights for the benefit of its citizens; and

**WHEREAS**, Constellation erroneously sent the City invoices to an incorrect billing address from the period between June 2015 and October 2016; and

**WHEREAS**, Constellation acknowledged that participating City accounts were not enrolled in consolidated billing, as required in the EHRCPs Request for Bids for the period of approximately June 2015 through October 2016, and had instead erroneously used the dual billing process for billing electricity provided to the City; and

**WHEREAS**, in an effort to resolve these issues, the City provided Constellation with the correct billing addresses (for the Department of Engineering, Division of Traffic and Signals and Department of Public Works, Division of Public Buildings) and Constellation re-issued corrected invoices from the period between January 1, 2016 through October 1, 2016; and

**WHEREAS**, Constellation re-issued and corrected all subsequent invoices to reflect correct service periods; and

**WHEREAS**, the City (Department of Engineering, Division of Traffic and Signals) on or about May 2017 made a payment in the amount of Five Hundred Thirty-Eight Thousand, Ninety-Two Dollars and Ten Cents (\$538,092.10) to Constellation toward the overall balance; and

**WHEREAS**, Constellation submitted invoices totaling Three Million Three-Hundred Five Thousand Five Hundred Dollars and Nineteen Cents (\$3,305,500.19) (the "Claim") for the costs

associated with providing Electricity Services to the City during the period of June 2015 through May 2017, which the invoices remain unpaid; and

**WHEREAS**, the Parties dispute the remaining outstanding balance owed by the City to Constellation and the allegations above; and

**WHEREAS**, to avoid the costly expense of litigation, Constellation and the City desire to amicably resolve this matter prior to any commencement of litigation; and

**WHEREAS**, the Parties have agreed to settle the dispute for payment by the City of Three Million Dollars and Zero Cents (\$3,000,000.00) (the "Settlement Sum"), as further set forth below, in exchange for Constellation's execution of this Settlement Agreement as a full and complete release of the Claim, including any claims for attorney's fees; and

**WHEREAS**, this Settlement Agreement neither admits nor should it be construed as an admission of liability or violation of any law, statute or regulation or a breach of any duty by the City or Constellation, or their respective agents, officers and/or employees whatsoever and is entered into to resolve this matter and prevent the incurring of additional costs and fees; and

**WHEREAS**, the Municipal Council based upon the recommendation of the Business Administrator, Director of Engineering, Director of Public Works and the Corporation Counsel deem it is in the best interest of the taxpayers of the City to settle and avoid the cost, expense, delay and uncertainty of litigation; and

**WHEREAS**, the Director of the Department of Finance has certified that there are adequate, appropriated monies available to pay the Settlement Sum.

**NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:**
